

MPF Statement: Terror Attack, Manchester Arena

Tuesday, 23rd May 2017

"The Muslim Professionals Forum (MPF) extend their deepest condolences and prayers for the victims and families of the horrific attack in Manchester on the evening of 22nd May 2017. We wholly condemn the attack which left 22 dead and over 50 injured, amongst them children, has deeply shocked the whole country and in extension, the rest of the world.

The MPF commend the emergency services who have worked tirelessly over the last 24 hours to save lives and bring the injured to recovery. The MPF also extend their appreciation for the acts of solidarity from members of the public who indiscriminately pooled together to support those affected. It is times like these that the community needs to come together for the common goal of good and stand together in times of crisis."
